

OKEANOS BEACH BOUTIQUE HOTEL

HEALTH AND SAFETY POLICY

The Management of our company recognizes that safeguarding the health and safety of all individuals working within or visiting its premises is a fundamental responsibility. The company is committed to maintaining a safe, healthy, and environmentally responsible workplace that complies with all relevant Cypriot and European health, safety, and environmental legislation.

Commitment and Responsibilities

- The Management Team is responsible for implementing and continuously improving the company's Health and Safety Management System.
- Appropriate resources are allocated to ensure that all staff are properly trained, competent, and aware of their duties regarding workplace safety.
- Every employee, contractor, and visitor shares the responsibility to act safely, follow established procedures, and immediately report unsafe conditions or incidents.
- Cooperation and communication among all parties are encouraged to identify and eliminate hazards, minimize risks, and maintain a culture of prevention.

Implementation and Continuous Improvement

The company offers continuous training to strengthen safety awareness and performance. Employees are expected to identify workplace risks and support ongoing safety improvements. Senior Management ensures regular reviews so that safety measures remain effective and compliant. This policy confirms our commitment to a safe, healthy, and environmentally responsible workplace for all.
